List of Applications Deleted in ARL #2710

SoftwareTitleName	Publisher	Reason
.NET Control 1.0	Loftware	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
.NET Control 10.2	Loftware	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
.NET Control 9.7	Loftware	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
.NET Core Templates 5.0	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
.NET Framework Multi-Ta	Microsoft	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
.NET Native Runtime 1.0	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
.NET Native SDK 14.0	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
.NET Native SDK 2.0	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
.NET Standard Support fo	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
.NET Standard Support fo	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
.NET Version Manager 1.0	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
.NET Version Manager 1.0	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
.NET Version Manager 1.0	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
.NET Wizards	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
.NET Wizards 2013	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
.NET Wizards 2014	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
.NET Wizards 2015	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
.NET Wizards 2017	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
.NET Wizards 2019	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
100BaseT-01 B.11	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
100BT/9000 formatter pr	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
100BT/9000 formatter pr	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
100BT/9000 GSC commar	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
100BT/9000 GSC commar	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
100BT/9000 GSC kernel p	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
100BT/9000 GSC kernel p	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1440 XM Dynamic Measu	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1440 XM Dynamic Measu	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1715 Ethernet Adapter M	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1715 Ethernet Adapter M	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1715 Ethernet Adapter M	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1715 Redundant I/O Mod	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1715 Redundant I/O Mod	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1715 Redundant I/O Mod	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1719 Adapter Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1719 Adapter Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1719 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1719 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1719 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1732 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1732 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1732 EtherNet Safety Mo	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1732 EtherNet Safety Mo	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1732 IO-Link Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1732 IO-Link Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1732 IO-Link Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Analog Module Prof	Spectrum Controls	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Analog Module Prof	Spectrum Controls	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 ASCII Module Profile	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 ASCII Module Profile	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 ASCII Module Profile	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 ControlNet Adapter	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 ControlNet Adapter	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 ControlNet Adapter	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Ethernet Adapter M	Prosoft Technolog	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Ethernet Adapter M	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Ethernet Adapter M	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Ethernet Adapter M	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Ethernet Adapter M	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Ethernet Adapter,2-	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Ethernet Adapter,2-	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Ethernet Adapter,2-	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 IO-Link Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 IO-Link Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 IO-Link Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Point Guard Safety I	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1734 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 ASCII Module Profile	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 ASCII Module Profile	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 ASCII Module Profile	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 ControlNet Adapter	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 ControlNet Adapter	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 ControlNet Adapter	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Publisher	Description
1738 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Ethernet Adapter M	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Ethernet Adapter M	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Ethernet Adapter M	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Ethernet Adapter M	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Ethernet Adapter M	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Ethernet Adapter,2-	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Ethernet Adapter,2-	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Ethernet Adapter,2-	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Ethernet Adapter,2-	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Ethernet Adapter,2-	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1738 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1747 Module Profiles 10.	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1747 Module Profiles 14.	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1747 Module Profiles 8.0	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1747 Module Profiles 9.0	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Analog Module Prof	Spectrum Controls	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 CNet Comms Modul	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Comm Module Profi	Cognex	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Comm Module Profi	Cognex	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Comm Module Profi	Cognex	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Comm Module Profi	Cognex	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Communication Mo	Phoenix Digital	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 ControlNet Bridge M	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 ENet Comms Modul	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 ENet Comms Modul	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 ENet Comms Modul	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 ENet Comms Modul	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 ENet Comms Modul	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 ENet Comms Modul	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 ENet Comms Modul	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 ENet Comms Modul	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 ENet Comms Modul	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 ENet Comms Modul	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 ENet Comms Modul	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 ENet Comms Modul	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Ethernet Bridge Mo	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Ethernet Bridge Mo	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Ethernet Bridge Mo	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Ethernet Bridge Mo	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Ethernet Bridge Mo	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Ethernet Bridge Mo	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Ethernet Bridge Mo	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Ethernet Bridge Mo	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Ethernet Bridge Mo	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Ethernet Bridge Mo	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Ethernet Bridge Mo	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Ethernet Bridge Mo	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Ethernet Bridge Mo	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Ethernet Bridge Mo	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Ethernet Bridge, Par	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Historian Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Historian Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 MVI Comm Module	Prosoft Technolog	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 MVI Comm Module	Prosoft Technolog	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Remote I/O Interfac	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Remote I/O Interfac	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Specialty Module Pr	Spectrum Controls	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1756 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Analog Module Prof	Spectrum Controls	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Analog Module Prof	Spectrum Controls	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Analog Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Boolean Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Boolean Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Comm Module Profi	Prosoft Technolog	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Comm Module Profi	Prosoft Technolog	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Controller Module P	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Controller Module P	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Controller Module P	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Controller Module P	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Manufacturer	Description
1769 Controller Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Controller Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Controller Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Controller Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Controller Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Controller Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Controller Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Controller Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Controller Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Discrete Module Pro	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Discrete Module Pro	Panasonic	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Embedded Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Embedded Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Specialty Module Pr	Hardy Instruments	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769 Specialty Module Pr	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769-L1Y Controllers and	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769-L2Y Controllers and	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769-L2Y Controllers and	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769-L3Y Controllers Mod	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1769-L3Y Controllers Mod	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1783 Ethernet Managed S	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1783 Ethernet Managed S	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1783 Ethernet Managed S	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1791DS Discrete Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1791DS Discrete Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1791DS Discrete Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1791DS Discrete Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1791DS Discrete Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1791DS Discrete Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1791DS Discrete Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1791DS Discrete Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1791DS Discrete Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1791DS Discrete Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1791DS Discrete Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1791DS Discrete Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1791DS Discrete Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1791DS Discrete Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1794 Flex Analog Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1794 Flex Discrete Modul	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1794 Flex Specialty Modu	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1799 Embedded Discrete	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
1Button App 3	Amazon	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
2050 IP Softphone Extra N	Avaya	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
2050 IP Softphone Extra N	Avaya	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
2094 Kinetix IPIM Module	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
2097 Kinetix Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
2097 Kinetix Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
2155 Color MFP Address	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
2155 Color MFP ScanButt	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
2198 Encoder Emulator N	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
280 ArmorStart Ethernet	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
280 ArmorStart Ethernet	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
2D Barcode Setting Utility	Panasonic	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
2D Barcode Setting Utility	Panasonic	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
2-Port CIP Sync ENetIP Mo	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
2-Port CIP Sync ENetIP Mo	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
2-Port EtherNet/IP Analog	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
2-Port Quick Connect ENe	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
2-Port Quick Connect ENe	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
2-Port Quick Connect ENe	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
360 Viewer 2.3	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-admin 1	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-admin 1.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-admin-console 1	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-admin-console 1.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Company	Note
389-admin-console-doc 1	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-admin-console-doc 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-adminutil 1	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-adminutil 1.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-console 1	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-console 1.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-console 1.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-ds-base-debuginfo 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-ds-base-devel 1.2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-ds-base-libs 1.2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-ds-base-libs 1.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-ds-base-libs 1.3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-ds-base-snmp 1.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-ds-console 1	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-ds-console 1.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-ds-console-doc 1	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-ds-console-doc 1.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
389-dsgw 1	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3D Common Libraries 8.1	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3D Plugin Addin for Micro	Ceetron	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3D Plugin Addin for Micro	Ceetron	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3D Scan 2	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3DEXPERIENCE Marketpla	Dassault Systemes	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3DEXPERIENCE Marketpla	Dassault Systemes	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3DEXPERIENCE Marketpla	Dassault Systemes	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max Asset Library 1.5	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max Asset Library 1.6	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max Interactive 1.8	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max Interactive 2.0	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max Interactive 2.1	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max Interactive 2.2	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max Interactive 3.0	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max Interactive DCC I	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max Interactive DCC I	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max Interactive DCC I	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max Interactive DCC I	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max Interactive DCC I	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max SDK 2009	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max SDK 2010	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max SDK 2011	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max SDK 2012	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max SDK 2013	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max SDK 2014	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max SDK 2015	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
3ds Max SDK 2016	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Avamar Backup Plug-in fo	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Backup Plug-in fo	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Manufacturer	Description
Avamar Backup Plug-in fo	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Backup Plug-in fo	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Backup Plug-in fo	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Backup Plug-in fo	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Backup Plug-in fo	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Backup Plug-in fo	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Backup Plug-in fo	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Backup Plug-in fo	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Backup Plug-in fo	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Backup Plug-in fo	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Backup Plug-in fo	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Backup Plugin for	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Backup Plugin for	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Downloader Serv	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Downloader Serv	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Downloader Serv	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Downloader Serv	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Downloader Serv	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Downloader Serv	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Downloader Serv	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Downloader Serv	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avamar Downloader Serv	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AvantGard Scheduler	FIS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AvantGard Scheduler 2.0	FIS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Avantor Control Module (	Panini	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AVConference 3.0	Apple	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AVEVA Administration 1.2	AVEVA Group	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AVEVA Administration 1.3	AVEVA Group	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AVEVA Administration 1.4	AVEVA Group	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AVEVA Administration 1.5	AVEVA Group	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AVEVA Administration 1.6	AVEVA Group	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AVEVA Administration 1.7	AVEVA Group	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

AVEVA Pipe Fluid Flow Int	AVEVA Group	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AVIVO64 Codecs 10	Advanced Micro D	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AVIVO64 Codecs 11	Advanced Micro D	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AVIVO64 Codecs 12	Advanced Micro D	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AVIVO64 Codecs 9	Advanced Micro D	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AVKit 1.0	Apple	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AVKit 1.1	Apple	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
avr-binutils 2.2	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
avro-libs 1	Apache Software F	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AWD Forms 3.2	SS&C	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AWP 4.4	Oberthur Technolc	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
aws-cfn-bootstrap 1.3	Amazon	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AXHearingSupport 1.0	Apple	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
axis-javadoc 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
axis-javadoc 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
axis-manual 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
axis-manual 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
AXMS3 16.20	Teradata	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Axon Quick Look 10.2	Informatica	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Active Directory Au	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Active Directory Co	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Active Directory Co	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Active Directory Co	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure AD Connect Health	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure AD Connect Health	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure AD Connect Health	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Appliance Configur	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Automation Graph	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Backup for Data Pro	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Backup for Data Pro	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Backup for Data Pro	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Data Lake and Stre	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Dev Spaces	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Dev Spaces 0.1	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Functions Core Too	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure HDInsight Tools for	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure IoT explorer 0.10	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure IoT Explorer 0.11	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure IoT explorer 0.13	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Kinect Body Trackin	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Linux Agent 2.0	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Media Services Exp	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Media Services Exp	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Media Services Exp	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Media Services Exp	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Resource Manager	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Resource Manager	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Resource Manager	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Resource Manager	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Resource Manager	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Resource Manager	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Resource Manager	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Resource Manager	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Resource Manager	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Resource Manager	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Resource Manager	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Resource Manager	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Server Assessment	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Vendor	Reason
Azure Server Assessment	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Shared Component	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Shared Component	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Site Recovery Mobi	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Site Recovery Mobi	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Site Recovery Mobi	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Site Recovery Mobi	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Site Recovery Mobi	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Site Recovery Mobi	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Site Recovery Mobi	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Site Recovery Mobi	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Site Recovery Mobi	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Site Recovery Mobi	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Azure Tools Notifications	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Tools Notifications	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Tools Notifications	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure Tools Notifications	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure VM Agents for Win	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Azure VM Agents for wind	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
B2B Client 12.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
B2B Client 12.2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
B2B Portal 6.5	SEEBURGER	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
b43-fwcutter 012	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
b43-openfwwf 5.2	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backend	NVIDIA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backend 2.1	NVIDIA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backend 23.2	NVIDIA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backend 24.0	NVIDIA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backend 25.0	NVIDIA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backend 25.6	NVIDIA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backend 28.0	NVIDIA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backend 29.1	NVIDIA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backend 31.0	NVIDIA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backend 31.1	NVIDIA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backend 34.0	NVIDIA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Vendor	Description
Backend 35.0	NVIDIA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backend 36.0	NVIDIA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backend 37.0	NVIDIA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backend library for Evolut	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backlit Keyboard Controls	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Agent 3.9	MongoDB	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Backup Catalog 10.0	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Catalog 5.0	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Catalog 6.0	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Catalog 6.1	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Catalog 8.0	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Catalog 9.0	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Catalog 9.5	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Enterprise Manag	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Enterprise Manag	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Enterprise Manag	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Enterprise Manag	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Enterprise Manag	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Restore Plugin 2.0	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Transport 10.0	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Transport 6.0	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Transport 6.1	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Transport 6.5	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Transport 7.0	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Transport 8.0	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Transport 9.0	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Backup Transport 9.5	Veeam Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
bacula-common 5	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
bacula-common 5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
bacula-libs 5.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
baekmuk 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
baekmuk-ttf 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
baekmuk-ttf-batang-fonts	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
baekmuk-ttf-dotum-fonts	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
baekmuk-ttf-fonts-comm	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
baekmuk-ttf-fonts-ghosts	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
baekmuk-ttf-gulim-fonts 2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
baekmuk-ttf-hline-fonts 2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Bakehouse 1.0	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Bali Resource Translation	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
BANK WIZARD Direct Use	Eiger Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Client Management Suite	Broadcom	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Client Management Suite	Broadcom	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Client Management Suite	Broadcom	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Client Management Suite	Broadcom	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Client Security - Password	Lenovo	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Client SOAP 1.0	Nortel Networks	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Client Transfer 0.9	SAP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Client Utility 10g	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Client Utility 6	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Client Utility 7	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Client Utility 8	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Client Utility 9i	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
ClipboardPath 1.2	Stefan Bertels	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
ClipPath	SS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CLM Activation Wizard fo	Hexagon	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CLM Activation Wizard fo	Hexagon	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CLM Activation Wizard Se	Hexagon	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CLM Activation Wizard Se	Hexagon	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CLM Remote Daemon 1.2	Hexagon	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CLM Remote Daemon 1.4	Hexagon	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CLM Server Monitoring A	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CLM Server Monitoring A	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Clone Private LUN 7.1	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
clone-master-clean-up 1.4	SUSE	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
cloog-ppl 0.15	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Connector for Adob	Esko	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Vendor	Description
Cloud Connector Package	SAP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Connector Package	SAP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Connector Package	SAP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Connector Package	SAP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Connector Package	SAP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Connector Package	SAP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Connector Package	SAP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Data Loader for Sal	Jitterbit	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Deployment Project	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Deployment Project	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Deployment Project	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Deployment Project	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Deployment Project	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Deployment Project	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Deployment Project	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Deployment Project	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Deployment Project	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Deployment Project	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Import 0.1	Firebird	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Latency Monitor Pl	LiveAction	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Models for Revit 20	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Models for Revit 20	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Models for Revit 20	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Recovery Tool	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Disc	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Disc	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Disc	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Disc	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Logg	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Logg	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Logg	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Logg	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Logg	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Logg	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Logg	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Syst	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Syst	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Syst	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Syst	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Syst	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Syst	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Syst	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Wat	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Wat	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Wat	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Wat	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Wat	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Wat	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Agent Wat	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Credential	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Credential	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Credential	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloud Services Credential	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloudera Director Plugin	Cloudera	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloudera Director plugin	Cloudera	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Cloudera Director plugin	Cloudera	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
cloud-init 0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
cloud-init 0.7	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
cloud-init 0.7	SUSE	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
cloud-init 18	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
cloud-init 19.4	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
cloud-init-config-suse 19.	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
cloud-utils-growpart 0.29	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CloudWatch Sink 1.0	Amazon	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CloudWatch Sink 1.1	Amazon	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CloudWatch Sink 1.2	Amazon	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CloudWorx for PDS-SPLM	Hexagon	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CloudWorx for PDS-SPLM	Hexagon	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CLR Debugger 8.0	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Vendor	Description
CompactRIO Module Sup	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Company of Heroes - FAK	THQ	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-curl2 7	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-dapl-debuginfo 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-dapl-utils 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-db 4		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-db-debuginfo 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-exiv2 0.2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-expat1 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-gcc-34 3		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-gcc-34 3	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-gcc-34-c++ 3		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-gcc-34-c++ 3	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-gcc-34-debuginfo	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-gcc-34-debuginfo	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-gcc-34-g77 3	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-gcc-34-g77 3		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-gcc-44 4.4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-gcc-44-c++ 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-gcc-44-c++ 4.4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-glibc 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-glibc 7	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-glibc-headers 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Compatibility files for running Oracle (compa		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Compatibility files for running Oracle on RHE		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-libcap1-debuginfo	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-libcap1-debuginfo	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-libcolord1 1.0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-libcom_err 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-libf2c-34 3		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-libgcc-296 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-libgcc-296 2	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-libgfortran-41-de	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-libldap-2_3-0 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-libstdc++ 6	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-libstdc++-296 2	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-libstdc++-296 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-libstdc++-33 3	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-libstdc++-33 3		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-libupower-glib1 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-libxcb 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-libxcb 1.9	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-libxcb-debuginfo	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-openldap-debugi	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-opensm-libs-deb	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-openssl 1.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-poppler022 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-poppler022-qt 0.	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-readline43 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-readline5 5.2	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-readline5-devel 5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-readline5-devel 5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-readline5-static 5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-readline5-static 5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-slang 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compat-xcb-util 0.4	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Compiler 8	NVIDIA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Compiler 9.0	NVIDIA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Compiler OpenMP 16.0	Intel	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Compiler OpenMP 17.0	Intel	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Compiler OpenMP 18.0	Intel	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Compiler OpenMP 19.0	Intel	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Compiler XE OpenMP 15.	Intel	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compiz 0	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compiz 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compiz 1:0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compizconfig-settings-ma	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compiz-core 1:0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compiz-gnome 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compiz-gnome 0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compiz-gnome 1:0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
compiz-plugins-default 1:	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Complete DSS Starter Dat	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Complete OLTP Starter Da	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Compliant with Steel Deta	Hexagon	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Component Plugin 14.7	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Composite Column Design	CADS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
comps 3es	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
comps 4AS	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
comps 4ES	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
comps 4WS	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
comps 8	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
comps 9	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
comps-extras	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
comps-extras 10		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
comps-extras 11	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
comps-extras 11		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
comps-extras 13		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
comps-extras 17.8	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
comps-extras 7	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
comps-extras 7.2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
comps-extras 8	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Computer Sciences 2006	Broadcom	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Computers and Network	Honeywell	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Computers and Network	Honeywell	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Computers and Network	Honeywell	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
ComTools 1.2	SKB Kontur	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Concurrency Visualizer	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Concurrency Visualizer 11	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Vendor	Notes
Concurrency Visualizer 15	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
concurrent 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Concurrent Processing Tu	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Conference CloneView 1.0	Barco	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Conferencing Add-in for N	AT&T	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Conferencing Add-in for N	AT&T	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Conferencing Add-in for N	AT&T	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Config Xpress 1.2	Broadcom	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Config. Manager Feature	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Config. Manager Feature	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
ConfigMgr Device Manage	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
ConfigMgr WOL	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
ConfigMgr WOL 7.1	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Configuration Logging Ser	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Managemen	Emerson Electric	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Managemen	Emerson Electric	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Manager	LogRhythm	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Manager 7	LogRhythm	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Manager 7	LogRhythm	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Manager S	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Manager S	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Manager W	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service 5.0	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service 5.1	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service 5.6	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service 7.0	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service 7.1	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service 7.1	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service 7.1	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service 7.1	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Vendor	Description
Configuration Service 7.1	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service 7.1	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service 7.1	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service 7.2	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service 7.2	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service 7.2	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service 7.5	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service 7.8	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service 7.9	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service Pov	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Service Pov	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Tool 1	Oki Data	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Utility	Datalogic	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Utility 11g	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Utility 7.0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configuration Utility 9.5	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configurator 360 addin	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configurator 360 addin 2	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configurator 360 addin 2	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configurator 360 addin 2	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configurator 360 addin 2	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Configurator 360 addin 2	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-ce-kafka-http-s	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-common 2.0	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-common 3.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-common 5.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-common 5.2	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-common 5.4	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-common 6.0	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-common 6.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-control-center-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-control-center-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-control-center-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-control-center-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-control-center-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-control-center-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-hub-client 5.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-hub-client 5.2	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-hub-client 5.3	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-hub-client 5.4	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-connect-	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-rest 2.0	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-rest 3.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-rest 5.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-rest 5.2	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-rest 5.4	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-kafka-rest 6.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-ksql	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-ksql 5.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-ksql 5.2	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-ksql 5.3	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-ksql 5.4	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-ksqldb 5.5	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-ksqldb 6.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-metadata-servi	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-metadata-servi	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-rebalancer 3.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-rebalancer 5.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-rebalancer 5.2	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-rebalancer 5.3	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-rebalancer 5.4	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-rebalancer 6.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-rest-utils 2.0	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-rest-utils 3.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-rest-utils 5.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-rest-utils 5.2	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-rest-utils 5.4	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-rest-utils 5.5	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-rest-utils 6.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-schema-registr	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-schema-registr	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-schema-registr	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-schema-registr	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-schema-registr	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-schema-registr	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Name	Vendor	Note
confluent-schema-registr	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-security 5.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-security 6.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-server-rest 6.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-support-metric	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-support-metric	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-support-metric	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
confluent-telemetry 6.1	Confluent	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
conman	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
conman 0	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
conman 0		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Conman 1.3	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Connect Add-in for Micro	AT&T	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CONNECT Advisor	Bentley Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CONNECT Advisor 10.00	Bentley Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CONNECT Advisor 10.01	Bentley Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CONNECT Advisor 8	Bentley Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
CONNECT Advisor 8i	Bentley Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Connect API 6.1	NICE	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Connect API 6.6	NICE	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Connect API 6.7	NICE	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Connect Core 4.1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Connect Core 4.2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Connect Core 4.4	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Connect Reputation 1.0	Tanium	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Connect Reputation 4.10	Tanium	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Connect Reputation 4.2	Tanium	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Connect Reputation 4.7	Tanium	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Connect Reputation 4.8	Tanium	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Data Provider for .NET 7.0	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Provider for .NET Do	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Provider for .NET He	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Provider for .NET He	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Provisioning Agent	SAP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Provisioning Agent 1	SAP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Provisioning Agent 1	SAP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Provisioning Agent 1	SAP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Provisioning Agent 2	SAP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Provisioning Agent 2	SAP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Recovery 10.1	Stellar Information	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Data Services Global Sugg	SAP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Services User Define	SAP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Source Integration F	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data transfer tool 2.14Q	Mitsubishi Electric	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data transfer tool 2.16S	Mitsubishi Electric	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data transfer tool 2.18U	Mitsubishi Electric	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data transfer tool 3.01B	Mitsubishi Electric	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
data transfer tool 3.09K	Mitsubishi Electric	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data transfer tool 3.12N	Mitsubishi Electric	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data transfer tool 3.16S	Mitsubishi Electric	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data transfer tool 3.24A	Mitsubishi Electric	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data transfer tool 3.27D	Mitsubishi Electric	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data transfer tool 3.29F	Mitsubishi Electric	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Vault 1.0	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Vault 1.1	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Vault 4.0	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Vault 4.1	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Vault 4.2	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Vault 4.3	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Vault 4.4	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Vault 5.1	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Vault 5.5	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Warehouse Migratio	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Data Warehouse Service	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DataArchiver Outlook Add	CommVault	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DataArchiver Outlook Add	CommVault	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DataArchiver Outlook Add	CommVault	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Activity Monito	McAfee	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Activity Monito	McAfee	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Configuration A	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Configuration U	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Configuration U	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Events 1.0	Apple	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Experimentatio	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Experimentatio	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Experimentatio	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Extensions for .	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Extensions for .	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Extensions for .	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Extensions for .	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Extensions for .	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Gateway for AP	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Gateway for AP	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Generic Security	Teradata	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Generic Security	Teradata	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Generic Security	Teradata	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Generic Security	Teradata	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Generic Security	Teradata	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Generic Security	Teradata	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Generic Security	Teradata	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Manager 1.0	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Manager 7.4	SAP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Manager 7.5		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Manager 7.6	SAP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Provider for DR	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DataBase SDK 10.0	Verint	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Security Sensor	McAfee	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Security Sensor	McAfee	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Security Sensor	McAfee	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Security Sensor	McAfee	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Security Sensor	McAfee	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Utility	OpenText	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Utility 5.1	OpenText	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Utility 5.2	OpenText	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Utility 5.3	OpenText	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Utility 5.4	OpenText	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Utility 5.5	OpenText	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Utility 5.6	OpenText	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Utility 5.8	OpenText	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Utility 5.9	OpenText	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Utility 6.0	OpenText	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Utility 6.1	OpenText	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Verification Util	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Vendor	Note
Database Verification Util	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Database Verification Util	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Databases Monitor Servic	Verint	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Datacap Web Client Servi	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DataDirect 12.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DataDirect Component 7.	Progress Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Datadirect for Salesforce	Progress Software	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DataFabric Manager Host	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DataFinder Connectivity F	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DataFinder Connectivity F	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DataFinder Desktop Runt	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DataFinder Desktop Runt	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

dcism 3.4	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dconf-cli 0.24	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dconf-editor 0.22	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dconf-editor 3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dconf-editor 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dconf-editor-lang 3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dconf-gsettings-backend	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dconf-lang 0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dconf-service 0.2	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dcraw - Decoding RAW di	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dcraw - Decoding RAW di	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dcraw 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dcraw 0		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dcraw 0	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dcraw 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dcraw 8		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dcraw 8	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dcraw 9.19	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DDBEA and ProtectPoint	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DDBEA and ProtectPoint	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
ddclient 3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
debconf 1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
debconf-i18n 1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
debconf-utils 1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
debhelper 9	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
debianutils 4.8	Software in the Pu	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debug Server 4.0	Texas Instruments	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
debugedit 4	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugger Extension for M	Intel	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugger Extension for M	Intel	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugger Extension for M	Intel	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugger Extension for M	Intel	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugger Extension for M	Intel	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugger for AIX Compile	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugger for AIX Compile	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugger for AIX Compile	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugger for AIX Compile	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugger for AIX JRE 12.1	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugger for AIX JRE 6.0	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugger for AIX JRE 6.1	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugger for AIX JRE 7.1	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugger for AIX UI Comp	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugger for AIX UI Comp	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugger for AIX UI Comp	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugger for AIX UI Comp	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugger for Heterogene	Intel	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugging Support Tools	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugging Support Tools	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Debugging Support Tools	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
debugmode 9.49	Red Hat	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product

Title	Manufacturer	Description
Decision Center profile te	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Decision Center profile te	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Decision Center profile te	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Decision Center profile te	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Decision Center profile te	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Decision Center profile te	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Decision Server Profile Te	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Decision Server Profile Te	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Decision Server Profile Te	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Decision Server Profile Te	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Declaración Informativa N	SAT	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Declaración Informativa N	SAT	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Declaración Informativa N	SAT	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Deduplication Agent 10.0	Veritas	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Deduplication Agent 11.0	Veritas	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Deduplication Agent 11.1	Veritas	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Deduplication Agent 12.0	Veritas	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Deduplication Agent 13.0	Veritas	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Deduplication Agent 15.0	Veritas	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Deduplication Agent 8.0	Veritas	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Deduplication Agent 9.3	Veritas	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Deduplication Service 8.0	Veritas	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Deduplication Service 9.1	Veritas	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Deduplication Service 9.3	Veritas	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
default-jdk 2:1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
default-jdk-headless 2:1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
default-jre 2:1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
default-jre-headless 2:1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Defendpoint ERP Purge To	BeyondTrust	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Defendpoint Reporting Da	BeyondTrust	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Defendpoint Reporting Da	BeyondTrust	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
deja-dup 34	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DejaVu Fonts 6	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

devtoolset-3-eclipse-emf-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-emf-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-emf-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-equi	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-files	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-gcov	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-gef 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-gef-e	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-gef-s	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-gpro	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-jdt 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-jgit 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-linux	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-man	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-opro	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-pde	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-perf	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Name	Vendor	Description
devtoolset-3-eclipse-platf	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-remo	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-rpm-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-rse 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-rse-s	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-swt 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-syste	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-eclipse-valgr	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-elfutils 0.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-elfutils-libs 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-felix-gogo-co	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-felix-gogo-ru	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-felix-gogo-sh	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-gcc-c++ 4.9	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-gcc-gfortran	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-glassfish-el 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-glassfish-ser	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-icu4j 54.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-ide 3.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-javaewah 0.	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-jdom 1.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-jgit 3.6	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-jsoup 1.7	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-libasan-deve	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-liblsan-deve	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-libquadmath	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-libstdc++-de	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-libstdc++-do	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-libtsan-deve	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-libubsan-dev	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-lpg-java-con	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-ltrace 0.7	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-memstomp	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-mockito 1.9	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-nekohtml 1.	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-oprofile 0.9	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-perftools 3.	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-perl-Authen	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-rome 0.9	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-sat4j 2.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-strace 4.8	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-swt-chart 0.	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-systemtap 2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-systemtap 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-systemtap-c	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-systemtap-d	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-systemtap-r	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-tika 1.4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-tika-parsers-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-toolchain 3.	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-valgrind 3.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-valgrind-dev	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-valgrind-ope	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-ws-common	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-xmlrpc-clien	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-xmlrpc-com	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-3-xmlrpc-serve	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-args4j 2.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-docker-clien	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-dyninst 8.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-dyninst 9.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-cdt 8	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-cdt 8	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-cdt-c	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-cdt-c	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-cdt-p	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-cdt-p	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-chan	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-chan	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-dltk	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-dltk-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-dltk-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-dltk-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-dltk-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-ecf-c	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-ecf-c	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-egit	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-egit	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-egit-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-egit-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-emf-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-emf-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-equi	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-gcov	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-gcov	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-gef 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-gpro	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-gpro	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-jdt 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-jgit 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-jgit 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-linux	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-linux	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-linux	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-linux	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-linux	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-linux	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-linux	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Package	Vendor	Note
devtoolset-4-eclipse-linux	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-linux	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-man	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-man	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-myly	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-opro	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-opro	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-p2-d	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-pde	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-perf	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-perf	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-platf	Eclipse Foundation	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-ptp 9	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-ptp-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-ptp-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-ptp-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-ptp-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-ptp-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-ptp-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-pyde	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-pyde	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-pyde	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-pyde	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-remo	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-rpm-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-rpm-	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-rse 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-rse-s	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-swt	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-syste	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-syste	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-tm-t	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-valgr	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-eclipse-valgr	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-elfutils-libelf	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-elfutils-libs 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-felix-gogo-co	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-felix-gogo-ru	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-felix-gogo-sh	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-gcc-c++ 5.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-gcc-c++ 5.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-gcc-gfortran	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-gcc-gfortran	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-glassfish-el 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-glassfish-hk2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-glassfish-hk2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-glassfish-hk2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-glassfish-jax	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-glassfish-jax	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-glassfish-ser	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-h2 1.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-icu4j 54.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-ide 4.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-ide 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jackson-ann	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jackson-ann	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jackson-core	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jackson-core	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jackson-data	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jackson-data	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jackson-data	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jackson-data	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jackson-jaxr	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jackson-jaxr	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jackson-mod	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jackson-mod	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-javaewah 0.	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-javassist 3.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jffi 1.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jffi-native 1.	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jgit 4.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jgit 4.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

devtoolset-4-jline 2.12	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jnr-constant	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jnr-ffi 2.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jnr-netdb 1.	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jnr-posix 3.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jnr-x86asm	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-jsoup 1.8	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-libmpx-deve	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-libquadmath	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-libquadmath	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-libstdc++-de	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-libstdc++-de	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-libstdc++-do	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-lpg-java-con	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-ltrace 0.7	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-memstomp	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-netty 4.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-oprofile 1.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-osgi-resourc	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-runtime 4.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-runtime 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-sat4j 2.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-stringtempla	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-swt-chart 0.	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-systemtap-c	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-systemtap-c	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-systemtap-c	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-systemtap-r	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-systemtap-r	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-systemtap-r	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-valgrind 3.10	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-valgrind 3.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-valgrind-dev	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-4-valgrind-ope	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-6-dwz 0.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-6-dyninst 9.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-6-elfutils 0.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-6-elfutils-libelf	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-6-elfutils-libs 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-6-gcc-c++ 6.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-6-gcc-gdb-plug	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-6-gcc-gfortran	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
devtoolset-6-gcc-plugin-d	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

DIEF 2017	SEFA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DIEF 2020	SEFA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DIEF 2021	SEFA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DIEF 2022	SEFA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dietlibc 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
diffstat 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
diffstat 1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DigiDoc Client 2.6	Sertifitseerimiskes	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DigiDoc3 Client 3.12	RIA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DigiDoc3 Client 3.13	RIA	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Digimat 2021.2	MSC Software	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Digital Certificate Wizard	Serasa Experian	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Digital microscope 2009	Vimicro	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Digital Microscope Suite 2	Celestron	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Digital Signature	B-Trust	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Digital Signature 8.3	B-Trust	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Digital Signature 9.4	B-Trust	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Digital Vault 10.1	CyberArk	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Digital Vault 10.4	CyberArk	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Digital Vault 11.3	CyberArk	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Digital Vault 11.4	CyberArk	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Digital Vault 12.2	CyberArk	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Digital Vault 8.2	CyberArk	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Digital Vault 8.5	CyberArk	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Digital Vault 8.6	CyberArk	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Digital Vault 9.10	CyberArk	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Digital Vault 9.3	CyberArk	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Digital Vault 9.5	CyberArk	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Digital Vault 9.6	CyberArk	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Digital Vault 9.7	CyberArk	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Digital Vault 9.8	CyberArk	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Digital Vault 9.9	CyberArk	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Digital Video Manager ON	Honeywell	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Digital Video Manager ON	Honeywell	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Digital Video Manager ON	Honeywell	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Digital Video Manager Pa	Honeywell	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Discoverer Libraries 10.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Product	Vendor	Description
Discoverer Libraries 11.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Discoverer Libraries 9.0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Discoverer Management	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Discoverer Reports Templ	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Discoverer Reports Templ	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Discoverer Services 10.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Discoverer Services 11.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Discoverer Services Mana	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Discoverer Services Mana	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Discoverer Servlets 10.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Discoverer Shared Compo	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Discoverer Shared Compo	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Discovery Probe 7.0	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DiscRecordingUI 9.0	Apple	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Discrete Module Profiles	Spectrum Controls	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Disk Enclosure ROM Flash	Hewlett Packard E	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Disk Enclosure ROM Flash	Hewlett Packard E	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Disk Image Mounter	Apple	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Disk quota enhancements	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DiskArbitration 2.7	Apple	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
diskdumputils 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
diskdumputils 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Display Calibrator 4.10	Apple	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Display Calibrator 4.11	Apple	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Display Notification 1.0	Apple	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Display Rotation Tool	Panasonic	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Display Rotation Tool 6	Panasonic	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Display Rotation Tool 7	Panasonic	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Display Rotation Tool 7.1	Panasonic	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DisplayLink Manager 3.1	DisplayLink	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DisplayLink Manager 3.2	DisplayLink	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
distcache 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
distcache 0		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
distcache 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
distcache 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
distcache-devel 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
distcache-devel 0		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
distcache-devel 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
distcache-devel 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
distcache-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Distributed Configuration	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Distributed Configuration	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Distributed Join for DB2 D	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Distributed Join for DB2 D	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
distro-info 0.18	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
distro-info-data 0.28	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
distro-info-data 0.3	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DJI Assistant 2 1.2	DJI	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DJI Assistant For Matrice	DJI	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DJI Assistant For Mavic 2.	DJI	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DJI Assistant For Phantom	DJI	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dkms 2.2	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dkms 2.6	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dkms 2.7	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dleyna-core 0.4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dleyna-server 0.4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dlm 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dlm 4.0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dlm-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dlm-devel 4.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
dlm-kmp-default 4.0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DLP WCF Service 9.0	McAfee	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DLP WCF Service 9.1	McAfee	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DLP WCF Service 9.2	McAfee	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DLS 2002	Digital Security Co	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DLS North American 2002	Digital Security Co	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
DMCResourceModel 7.1	Broadcom	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product

firefox-libgdk_pixbuf 2.36	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firefox-libstdc++6 4	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firefox-libstdc++6 5	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firefox-pango 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FireShot	Screenshot Progra	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FireShot 2.0	Screenshot Progra	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firewall-config 0.5	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firewall-config 0.6	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firewalld-filesystem 0.4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firewalld-filesystem 0.5	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firewalld-filesystem 0.5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firewalld-filesystem 0.5	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firewalld-filesystem 0.7	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firewalld-filesystem 0.7	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firewalld-filesystem 0.8	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firewalld-filesystem 0.8	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firewalld-filesystem 0.8	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Downloader 1.0	Zebra Technologie	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Flash for Emule	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Flash for Emule	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Flash for Emule	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Flash for Emule	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Flash for Emule	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Flash for Emule	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Flash for QLogic	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Flash for QLogic	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Flash for QLogic	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware for Integrated L	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware for Smart Array	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware for Smart Array	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware for Smart Array	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware for Smart Array	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware for Smart Array	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware for Smart Array	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Update Utility B	HP	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Upgrade Wizard	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Upgrade Wizard	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Upgrade Wizard	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Upgrade Wizard	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Upgrade Wizard	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Upgrade Wizard	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Upgrade Wizard	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Upgrade Wizard	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Upgrade Wizard	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Firmware Upgrade Wizard	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firmware-addon-dell 2.2	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firmware-hca-mellanox-v	Hewlett Packard E	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firmware-tools 2.1	Dell Technologies	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firstaidkit 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firstaidkit-engine 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firstaidkit-gui 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firstboot 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firstboot 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firstboot 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firstboot-tui 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
firstboot-tui 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Fish and Corals 1.0	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Fitbit 1	Fitbit	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Fitbit 2	Fitbit	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
flac-devel 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
flac-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flange Data System 5.0	Welding Units (UK	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Manufacturer	Description
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flash Player Install Manag	Adobe	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlashCopy Manager Prere	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
flatpak 0.8	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
flatpak 1.6	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
flatpak-libs 0.8	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
flatpak-libs 0.8	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
flatpak-libs 1.6	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
flatpak-selinux 1.6	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flex Adapter Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flex Adapter Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flex Adapter Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flex Adapter Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flex Adapter Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flex Adapter Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flex Adapter Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flex Adapter Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Flex Adapter Module Prof	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
flex-devel 2.5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
flex-devel 2.5	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexiCapture Data Verifica	ABBYY	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexiCapture Scanning Sta	ABBYY	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexiCapture Verification	ABBYY	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FLEXlm for Ansoft 10.8	Ansys	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FLEXlm License Manager	Genesys	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexLM License System 6.	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexNet Activation Service	Flexera	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexNet Activation Service	Flexera	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexNet Activation Service	Flexera	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexNet Activation Service	Flexera	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexNet Activation Service	Flexera	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexNet Activation Service	Flexera	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexNet Activation Service	Flexera	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FLEXnet Admin License Se	PTC	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FLEXnet Admin License Se	PTC	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FLEXnet Admin License Se	PTC	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FLEXnet Admin License Se	PTC	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FLEXnet Admin License Se	PTC	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FLEXnet Admin License Se	PTC	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FLEXnet Admin License Se	PTC	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 1.0	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 1.1	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 1.2	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 1.3	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 1.4	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 1.5	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 1.6	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 12.0	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 12.1	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 13.0	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 13.1	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 13.2	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 14.0	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 14.5	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 15.0	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 15.5	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 16.0	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 17.0	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 18.0	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 18.5	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 19.0	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 19.5	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 2.1	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 2.2	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO 20.0	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO Chinch for LabVIE	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
FlexRIO Chinch for LabVIE	National Instrume	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
