Title	Vendor	Description
git-man 1:1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
git-man 1:2	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
git-svn 1	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
git-svn 1.7	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
git-svn 1.8	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gitweb 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gitweb 1	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gjdoc 0	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gjs 1.3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gjs 1.4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gjs-devel 1.5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gjs-tests 1.5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gkbd-capplet 3	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gksu 2	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Gksu CLI and libraries - de	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Gksu CLI and libraries - de	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Gksu CLI and libraries - l1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Gksu CLI and libraries 1.3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Gksu CLI and libraries 2.0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gl2ps 1	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glade3-libgladeui 3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glade3-libgladeui-devel 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glade-libs 3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glade-sharp2 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
GlancePlus core modules	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
GlancePlus core modules	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glances 1.7	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glances 2.5	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glassfish-el 2.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glassfish-el-api 2.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glassfish-el-api 3.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glassfish-jaxb-api 2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glassfish-jaxb-api 2.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glassfish-jsf12-eap6 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glassfish-jsf-eap6 2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glcm_common_logging 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glew 1.5	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glew-devel 1.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib2-debuginfo 2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib2-devel 2	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib2-devel 2	GNOME Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib2-doc 2.5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib2-static 2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib2-tests 2.54	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib2-tests 2.56	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibc-all-langpacks 2.28	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibc-common 2	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibc-common 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibc-devel 2	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibc-devel 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibc-headers 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibc-headers 2	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibc-kernheaders 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibc-langpack-de 2.28	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibc-langpack-en 2.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibc-langpack-ja 2.28	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibc-locale-32bit 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibc-locale-32bit 9	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibc-locale-source 2.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibc-minimal-langpack 2.	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibc-static 2.12	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibc-utils 2	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib-devel 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib-devel 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib-devel 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib-java 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib-java 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib-java-devel 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib-java-devel 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibmm24-devel 2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibmm24-devel 2.22	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glibmm24-devel 2.42	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib-networking 2	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib-networking-common	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib-networking-common	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib-networking-lang 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib-networking-services	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib-networking-services	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib-networking-tests 2.50	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
glib-networking-tests 2.56	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

gtksourceview-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gtksourceview-devel 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gtksourceview-devel 3.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Gtkspell provides word-p	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gtkspell-devel 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gtkspell-devel 2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gtkspell-devel 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gtk-update-icon-cache 3	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gtk-vnc2-devel 0.7	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gtk-vnc-devel 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gtk-vnc-devel 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
GuardiCore Agents	GuardiCore	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
GuardiCore Agents 2.6	GuardiCore	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Guardicore Agents 4.3	GuardiCore	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Guardmaster Safety Relay	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Guardmaster Safety Relay	Rockwell Automat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
guava-libraries 13	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gubbi-fonts 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gucharmap 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gucharmap 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gucharmap 1:3	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Vendor	Description
gucharmap 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gucharmap 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gucharmap 2.28	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gucharmap 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gucharmap 3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gucharmap 3.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gucharmap 3.8	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gucharmap-devel 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gucharmap-lang 3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gucharmap-libs 3.18	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gucharmap-libs 3.18	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
GUI Component 9.0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Guidance Automation Too	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Guidance Automation Too	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Guided Tutorial Plugin 3.3	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Guided Tutorial Plugin 4.1	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Guided Tutorial Plugin 4.2	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Guided Tutorial Plugin 4.4	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Guided Tutorial Plugin 4.5	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Guided Tutorial Plugin 4.6	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Guided Tutorial Plugin 5.0	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Guided Tutorial Plugin 7.0	Autodesk	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
guile-devel 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
guile-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
guile-devel 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
guile-libs 1.8	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
guile-libs 2	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
guile-libs 2.0	Rob Browning	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
guile-libs 2.2	Rob Browning	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Guru Content Manager	Schlumberger	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Guru Content Manager 1	Schlumberger	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gutenprint 11	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gutenprint 5	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gutenprint-cups 5	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gutenprint-cups 5.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gutenprint-libs 5.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gutenprint-plugin 5	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-afp 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-afp 1.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-archive 1.4	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-backends 1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-backend-samba 1.28	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-backend-samba 1.3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-bin 1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-client 1.30	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-common 1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-daemons 1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-fuse 1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-fuse 1.4	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-goa 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-goa 1.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-libs 1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-mtp 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-mtp 1.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-obexftp 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvfs-smb 1.4	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvnc 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gvnc-devel 0.7	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gwenhywfar 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gwenview-libs 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
gyp 0.1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
H.264 Encoder	H264Encoder.com	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
H264 Codec	GeoVision	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Identity Assertion VDA Plu	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Vendor	Description
Identity Assertion VDA Plu	Citrix Systems	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Extensions	Microsoft	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Life Cycle Manage	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Management Con	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Management Con	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Management Con	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Management Con	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Manager Bulk Loa	Broadcom	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
Identity Manager Connec	Broadcom	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Manager Connec	Broadcom	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Manager Connec	Broadcom	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Manager Connec	Broadcom	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Manager Connec	Broadcom	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Manager Connec	Broadcom	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Mangement Unm	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Platform SDK 6.0	VMware	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Platform SDK 6.5	VMware	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Platform SDK 6.6	VMware	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Platform SDK 6.7	VMware	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Service 6.0	VMware	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Service 6.5	VMware	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Identity Service 6.7	VMware	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
I-Dentity Software 2.1	ING Bank	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
I-Dentity Software 2.5	ING Bank	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
IdentityIQ Lifecycle Mana	SailPoint Technolo	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
IdentityIQ Lifecycle Mana	SailPoint Technolo	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
IdentityIQ Lifecycle Mana	SailPoint Technolo	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
IdentityIQ Lifecycle Mana	SailPoint Technolo	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
IdentityIQ Lifecycle Mana	SailPoint Technolo	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
IdentityIQ Lifecycle Mana	SailPoint Technolo	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
IdentityIQ Lifecycle Mana	SailPoint Technolo	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
IDL.KONSIS.FORECAST Clie	IDL	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
IDL.KONSIS.FORECAST Clie	IDL	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
IDL.KONSIS.FORECAST Clie	IDL	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
idm-console-framework 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

kdelibs-ktexteditor 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdelibs-ktexteditor 4.14	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdemultimedia 3		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdemultimedia 4		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdemultimedia 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdemultimedia-devel 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdemultimedia-devel 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdemultimedia-devel 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdemultimedia-libs 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork 3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork 3	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork-common 4.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork-devel 3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork-devel 3	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork-devel 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork-devel 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork-kdnssd 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork-kget 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork-kget-libs 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork-kopete 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork-kopete-devel	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork-kopete-libs 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork-krdc 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork-krdc-devel 4.	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork-krdc-libs 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork-krfb 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork-krfb-libs 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork-libs 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdenetwork-nowlistening	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdepim 3	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdepim 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdepim-devel 3	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdepim-devel 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdepim-devel 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdepim-devel 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdepim-libs 3.5	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdepimlibs 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdepim-libs 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdepimlibs-akonadi 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdepimlibs-devel 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdepimlibs-devel 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdepimlibs-kxmlrpcclient	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdepim-runtime 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdepim-runtime-libs 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdeplasma-addons 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdeplasma-addons-libs 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-plasma-networkman	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-plasma-networkman	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-print-manager 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-runtime 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-runtime-drkonqi 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-runtime-libs 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk 3	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk-common 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk-common 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk-devel 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk-devel 3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk-devel 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk-devel 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk-kmtrace 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk-kmtrace-devel 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk-kmtrace-libs 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk-kompare 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk-kompare-devel 4.	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk-kompare-libs 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk-libs 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk-okteta 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk-okteta-devel 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk-okteta-libs 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdesdk-utils 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-settings 19.2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-settings 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-settings-kdm 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Vendor	Description
kde-settings-ksplash 19-2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-settings-plasma 19-2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-settings-pulseaudio 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-settings-pulseaudio 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-settings-pulseaudio 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-style-oxygen 4.11	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdeutils 3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdeutils 3	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdeutils 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdeutils-devel 3	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdeutils-libs 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdeutils-minimal 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-wallpapers 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdewebdev 3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdewebdev-devel 3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdewebdev-libs 3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-workspace 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-workspace 4.11	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-workspace-devel 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-workspace-libs 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kde-workspace-libs 4.11	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdf 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdm 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdnssd-avahi 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdnssd-avahi 0	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdnssd-avahi-devel 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kdnssd-avahi-devel 0	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Kerberos Plugin 1.0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel 2	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel 4.8	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Kernel for Mac 17.4	Apple	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Kernel for Mac 17.5	Apple	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Kernel for Mac 17.6	Apple	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Kernel for Mac 17.7	Apple	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Kernel for Mac 18.0	Apple	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Kernel Outlook Password	Nucleus Technolog	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Kernel Outlook Password	Nucleus Technolog	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
Kernel Outlook Password	Nucleus Technolog	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel RPCSEC_GSS 0.5	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-abi-whitelists 2.6	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-abi-whitelists 3.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-bigsmp 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-core 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-core 4.18	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-debug 3.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-debug-debuginfo 2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-debug-devel 2	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-debug-devel 3.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-debuginfo 3.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-debuginfo-commo	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-default 2.6	Teradata	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-default 3.0	Teradata	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-default-base 2.6	Teradata	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-default-base 3.0	Teradata	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-default-debuginfo	Teradata	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-default-debuginfo	Teradata	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-default-debuginfo	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-default-devel 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-default-devel 2.6	Teradata	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-default-devel 3.0	Teradata	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-default-devel 4	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-devel 2	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-devel 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-devel 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-devel 3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-devel 4	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-devel 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-devel 4.8	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-firmware 2.6	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-headers 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-headers 2	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-headers 4.1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-headers 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-headers 4.18	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-headers 4.8	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-hugemem-devel 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-ib 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-ib 1.5	OpenFabrics Allian	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-ib-devel 1.5	OpenFabrics Allian	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-kdump 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-largesmp-devel 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-macros 3.1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-macros 4	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-modules 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kerneloops 0		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kerneloops-daemon 0.12	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-PAE 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-PAE-devel 2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-smp 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-smp 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-smp-devel 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-source 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-source 2.6	Teradata	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-source 3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-source 3.0	Teradata	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-source 4	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-syms 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Name	Vendor	Note
kernel-syms 3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-syms 4.1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-syms 4.4	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-tools 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-tools 4.18	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-tools-libs 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-tools-libs 4.18	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-trace 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-trace 3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-trace-base 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-trace-base 3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-uek 3.8	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
kernel-uek 5.4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

libao-devel 0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libao-devel 1.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libapparmor1 2	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libapparmor1 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libapparmor-perl 2	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libappindicator 12.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libappindicator-devel 12.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libappindicator-gtk3-deve	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libappstream3 0.9	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libappstream-glib 0.3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libappstream-glib 0.6	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Package	Vendor	Description
libappstream-glib8 0.5	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libappstream-glib-builder	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libappstream-glib-builder	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libappstream-glib-builder	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libappstream-glib-builder	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libappstream-glib-devel 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libappstream-glib-devel 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libapr1-dev 1.5	Software in the Pu	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libapt-inst1.4 0.8	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libapt-inst1.5 1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libapt-inst2.0 1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libapt-pkg4.12 1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libapt-pkg5.0 1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libapt-pkg-libc6_9-6-2 0.5	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libapt-pkg-perl 0.1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libarchive-devel 2.8	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libarchive-extract-perl 0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libargon2-1	SUSE	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libart_lgpl 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libart_lgpl 2	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libart_lgpl-devel 2	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libart_lgpl-devel 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libart-devel 2.3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasan 4.8	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasan 4.9	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasan 8.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasan0 4	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasan0 4	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasan2 5	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasan2 5.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasan2 5.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasan4 7.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasan-static 4.8	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasm-java 7.0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasn1-8-heimdal 1.6	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasn1-8-heimdal 1.7	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasound2 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasound2 1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasound2-data 1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasound2-plugins 1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libaspell15 0.6	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasprintf0c2 0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libasprintf0v5 0.19	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libass 0	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libass5 0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libass5 0.13	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libassuan-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libassuan-devel 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

libetonyek-tools 0.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libev4 4.1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libev4 4.22	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libevdev 1.4	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libevdev-devel 1.5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libev-devel 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libev-devel 4.15	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libevdev-utils 1.5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libevent2 2	Oracle	This Application is ignored in favor of new wildcarding rule for non-commercial applications. All related evidences are mapped to respective major version of the Product
libevent-2.0-5 2.0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libevent2-devel 2.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libevent2-devel 2.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libevent-debuginfo	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libevent-devel 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libevent-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libevent-devel 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libevent-doc 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

libevent-headers 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libevtlog0 0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libewf 2008	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libewf 2014	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libewf 2014	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libexempi3 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libexif-devel 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libexif-devel 11	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libexpat1 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libexpat1 2.0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libexpat1 2.1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libext2fs2 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libexttextcat-devel 3.4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libexttextcat-tools 3.4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libf2c 3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfabric 1.3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfabric 1.4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfabric 1.6	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfabric 1.7	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfabric-devel 1.4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfabric-devel 1.7	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfastjson-devel 0.99	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfdisk 2.32	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfdisk1 2.2	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfdt1 1.4	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libffi43 4	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libffi43-devel 4	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libffi-dev 3.1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libffi-devel 3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libffi-devel 4	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfipscheck1 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfirefox-gio 2.54	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfirefox-glib 2.54	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfirefox-gmodule 2.54	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfirefox-gobject 2.54	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfirefox-gthread 2.54	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libFLAC8 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfluidsynth1 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfontenc-devel 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfonts-javadoc 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libformula 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libformula-javadoc 1.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfprint 0.1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfprint 1.9	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfprint 1.90	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfprint-devel 0.5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfprint-devel 0.8	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfreehand-devel 0.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfreehand-tools 0.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfreetype6 2.4	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfreetype6 2.5	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfreetype6 2.6	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libfribidi0 0.1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libFS-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libFS-devel 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libg2c33-32bit 3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgail-gnome 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgail-gnome 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgail-gnome 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgail-gnome-devel 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgal2-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgal2-devel 2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

libgda-4_0-sqlite 4	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Name	Vendor	Description
libgdata22 0.1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgdata22 0.17	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgdata-lang 0.1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgda-ui-4_0-4 4	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgdbm3 1.8	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgdiplus-devel 1	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgdither-devel 0.6	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgee06 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgee-devel 0.18	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgee-devel 0.20	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgeoip1 1.4	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgeoip1 1.6	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgeotiff-devel 1.2	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgepub 0.4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgepub-devel 0.4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgepub-devel 0.6	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgexiv2 0.10	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgexiv2-devel 0.10	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgfortran 4		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgfortran 8.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgfortran4 7.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgfortran4 7.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgfortran4 8.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgfortran4 8.3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgfortran43 4	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgfortran5 8.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgfortran5 8.3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgfortran-static 4.8	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgfortran-static 4.8	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgimpprint-devel 4.2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgiomm-2_4-1 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgirepository-1.0-1 1.4	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgit2-devel 0.26	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgit2-glib 0.26	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libglade 0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libglade 2.6	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libglade2 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libglade2-devel 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libglade2-devel 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libglade-java 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libglade-java 2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libglade-java-devel 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libglademm 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libglademm-2_4-1 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libglademm24 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libGLEWmx 1.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libglib2.0-0 2.4	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libglib2.0-data 2.4	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

libgudev1-devel 219-62	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgudev1-devel 219-67	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgudev1-devel 219-73	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgudev1-devel 219-78	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-bash-completio	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-bash-completio	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-bash-completio	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-benchmarking	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-benchmarking	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-devel 1.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-devel 1.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-devel 1.40	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-gobject 1.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-gobject 1.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-gobject 1.40	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-gobject-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-gobject-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-gobject-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-inspect-icons 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-inspect-icons 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-java 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-java-devel 1.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-java-devel 1.40	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-javadoc 1.28	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-javadoc 1.40	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-man-pages-ja 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-man-pages-ja 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-man-pages-ja 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-man-pages-uk	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-man-pages-uk	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-man-pages-uk	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-mount 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-rescue 1.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-rescue 1.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-rescue 1.40	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-rsync 1.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-rsync 1.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-rsync 1.40	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-tools 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-tools 1.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-tools-c 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-tools-c 1.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-winsupport 7	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-xfs 1.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libguestfs-xfs 1.4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgusb2 0.1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgusb-devel 0.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgvc6 2.36	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgvpr2 2.36	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgweather 2.28	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgweather 3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgweather 3.8	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgweather-devel 3.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgweather-devel 3.20	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgweather-devel 3.26	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgweather-devel 3.28	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgweather-lang 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgweather-lang 3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgwenhywfar38 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgxim 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgxim-devel 0.5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgxps-devel 0.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgxps-devel 0.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgxps-tools 0.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libgxps-tools 0.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libHalf11 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhangul-devel 0.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libharfbuzz0 0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libharfbuzz0 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libharfbuzz0b 0.9	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libharfbuzz-dev 0.9	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libharfbuzz-gobject0 0.9	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libharfbuzz-icu0 0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libharfbuzz-icu0 0.9	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libharfbuzz-icu0 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhavege1 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhbaapi 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libHBAAPI2 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhbaapi-devel 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhbaapi-devel 2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhbalinux 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhbalinux-devel 1.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhcrypto4-heimdal 1.6	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhcrypto4-heimdal 1.7	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libheif1 1.3	Software in the Pu	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Vendor	Description
libheimbase1-heimdal 1.6	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libheimbase1-heimdal 1.7	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libheimntlm0-heimdal 1.6	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libheimntlm0-heimdal 1.7	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhif 0.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhif-devel 0.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhogweed4 3.2	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhtml-format-perl 2.1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhtml-format-perl 3	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhtml-form-perl 3	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhtml-form-perl 6.0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhtml-tagset-perl 3.2	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhtml-tree-perl 3	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhtml-tree-perl 5.0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhttp-message-perl 3	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhttp-message-perl 6.0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhttp-negotiate-perl 6.0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhttp-parser-suse0 2.6	SUSE	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhttp-parser-suse0 2.7	SUSE	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhugetlbfs 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhugetlbfs 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhugetlbfs 2.16	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhugetlbfs-devel 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhugetlbfs-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhugetlbfs-devel 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhugetlbfs-lib 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhx509-5-heimdal 1.6	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libhx509-5-heimdal 1.7	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibcm 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibcm 0		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibcm 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibcm 15	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibcm 15-7	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibcm-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibcm-static 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibcommon-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibcommon-static 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibcommon-static 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibdm1 1.5	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibmad 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibmad 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibmad-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibumad 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibumad 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibumad 16.5	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibumad 17.2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibumad 20.2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibumad 22.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibumad 22.4	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibumad 29.0	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibverbs 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibverbs 13.7	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibverbs 17.2	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibverbs 17.2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibverbs 22.4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibverbs 22.4	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibverbs1-32bit	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibverbs1-32bit 22.5	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibverbs-devel 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibverbs-runtime 1.2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibverbs-static 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibverbs-utils 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibverbs-utils 1.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibverbs-utils 15	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibverbs-utils 15-7	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibverbs-utils 17.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libibverbs-utils 20.2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libica 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libica 3.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libica 3.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libica 3.5	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libical 0.43	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libical 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libical 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libical1 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libical-devel 1.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libical-devel 3.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libical-glib 3.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libical-glib-devel 3.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libical-glib-doc 3.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Vendor	Description
libicu-devel 4	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libicu-devel 50	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libicu-devel 50.1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libicu-devel 50.1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libicu-devel 52.1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libicu-devel 60.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libicu-doc 3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libicu-doc 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libicu-doc 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libicu-doc 4.2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libicu-doc 50.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libicu-doc 50.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libicu-doc 50.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libid3tag 0.15	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libid3tag-devel 0.15	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libIDL 0		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libIDL-devel 0		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libidn11 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libidn11 1.2	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libidn11 1.3	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libidn-devel 0		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libidn-devel 0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libidn-devel 0	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libidn-devel 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libidn-devel 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libidn-tools 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libiec61883 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libiec61883-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libiec61883-devel 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libiec61883-utils 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libiec61883-utils 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libieee1284 0		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libieee1284 0.2	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libieee1284-devel 0	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libieee1284-devel 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libieee1284-python 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libieee1284-python 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblex-2_1-11 2.1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libijs 0.35	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libIlmImf-Imf_2_1-21 2.1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libIlmThread-2_1-11 2.1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libimobiledevice 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libimobiledevice 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libimobiledevice4 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libimobiledevice-devel 1.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libimobiledevice-python 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libimobiledevice-utils 1.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libindicator 12.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libindicator3-7 12.1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libindicator-devel 12.10	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libindicator-gtk3-devel 12	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libindicator-gtk3-tools 12	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libindicator-tools 12.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libini_config 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libini_config 1.1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libini_config-devel	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libini_config-devel 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libini_config-devel 1.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libini_config-devel 1.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libiniparser0 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libiniparser0 3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libiniparser0 4.0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libiniparser-devel 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libinput 1.6	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libinput 1.8	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libinput 1.8	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libinput-devel 1.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libinput-devel 1.6	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

libkdcraw-devel 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkexiv2 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkexiv2-devel 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkeyutils1 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Name	Vendor	Description
libkeyutils1 1.5	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkipi 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkipi-devel 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkkc 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkkc-common 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkkc-data 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkkc-devel 0.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkkc-tools 0.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libklibc 1.5	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libklibc 2.0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkmod2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkmod2 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkmod2 17	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkmod2 23.2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkmod2 25.0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkmod2 25.3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkpathsea6 6	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkrb5-26-heimdal 1.6	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkrb5-26-heimdal 1.7	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libksane 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libksane-devel 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libksba-devel 0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libksba-devel 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libksba-devel 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libksba-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkscreen 1.0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkscreen-devel 1.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkworkspace 4.10	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkworkspace 4.11	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libkyotocabinet16 1.2	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblab-gamut1 2.40	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblangtag 0.5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblangtag-devel 0.5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblangtag-devel 0.6	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblangtag-doc 0.5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblangtag-doc 0.6	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblangtag-gobject 0.5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblangtag-gobject 0.6	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblayout-javadoc 0.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblcms1 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblcms2-2 2.5	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libldap 2.4	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libldb 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libldb 1.3	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libldb 1.5	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libldb 2.0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libldb 2.0	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libldb1 1.1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libldb1 2:1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libldb-devel 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libldb-devel 0.9	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libldb-devel 1.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libldb-devel 2.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblinear 1.8	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblinear-tools 1.8	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblist-moreutils-perl 0.33	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libLLVM 3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libLLVM 6.0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libLLVM 7.0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libllvm3.4 1.3	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libloader-javadoc	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblockfile1 1.0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblockfile-devel 1.08	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblogging 1.0	VMware	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblogging0 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblognorm 2.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblognorm-devel 2.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblognorm-doc 2.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblognorm-utils 2.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblouis2 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblouis-devel 2.5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblouis-doc 2.5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblouis-utils 2.5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblqr-1-0 0.4	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblsan 5.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblsan 7.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblsan 8.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblsan 8.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblsan 9.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblsan 9.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
liblsan0 5.4	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libltdl7 2.4	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

libmsn 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmsn-devel	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Vendor	Description
libmspack-devel 0.5	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmspub-devel 0.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmspub-doc 0.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmspub-tools 0.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmtdev1 1.1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmthca-devel 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmthca-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmthca-rdmav2 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmthca-static 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmtp9 1.1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmtp-common 1.1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmtp-devel 1.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmtp-examples 1.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmtp-runtime 1.1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmudflap 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmudflap-devel 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmudflap-devel 4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmudflap-static 4.8	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmusicbrainz 2	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmusicbrainz3 3	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmusicbrainz3 3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmusicbrainz5 5.1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmusicbrainz5-devel 5.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmusicbrainz-devel 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmusicbrainz-devel 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmusicbrainz-devel 2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmutter0 3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmwaw-devel 0.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmwaw-doc 0.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmwaw-tools 0.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmx 1.4	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmx 1.4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmx-devel 1.4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmx-docs 1.4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmysqlclient18 10.1	MariaDB	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmysqlclient18 5.5	Software in the Pu	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmysqlclient18 5.5	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmysqlclient20 5	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libmysqlclient-dev 5.5	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libndp-devel 1.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnes 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnet-daemon-perl 0.4	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnet-devel 1	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnet-devel 1.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnetfilter_conntrack-dev	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnetfilter_cthelper 1.0	Amazon	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnetfilter_cthelper 1.0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnetfilter_cthelper0 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnetfilter_cthelper-deve	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnetfilter_cttimeout 1.0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnetfilter_cttimeout 1.0	Amazon	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnetfilter_cttimeout1 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnetfilter_cttimeout-dev	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnetfilter_queue 1.0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnetfilter_queue1 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnetfilter_queue-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnetfilter-conntrack3 1.0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnet-http-perl 3	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnet-http-perl 6.0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnet-smtp-ssl-perl 1.0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnet-smtp-ssl-perl 3	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnettle4 2.7	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnettle6 3.2	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnewt0.52 0.5	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnfnetlink0 1.0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnfnetlink-devel 1.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnfsidmap2 0.2	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnfsidmap-devel 0.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnftnl 1.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnftnl-devel 1.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnghttp2 1.33	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnghttp2-14 1.2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnghttp2-14 1.7	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libngtktk 1.0	IBM	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnice-devel 0.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libnih 1.0	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

libstoragemgmt-hpsa-plu	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-hpsa-plu	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-hpsa-plu	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-hpsa-plu	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-local-plu	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-megaraid	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-megaraid	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-megaraid	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-megaraid	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-megaraid	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-megaraid	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-netapp-p	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-netapp-p	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-netapp-p	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-nfs-plugi	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-nfs-plugi	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-nstor-plu	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-nstor-plu	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-nstor-plu	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-python 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-python 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-python-c	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-python-c	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-smis-plug	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-smis-plug	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-smis-plug	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-smis-plug	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-targetd-p	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-targetd-p	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-targetd-p	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstoragemgmt-targetd-p	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libstroke-devel 0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libswitch-perl 2.16	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libswt3-gtk2 3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libswt3-gtk2 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libsysfs 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libsysfs2 2.1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libsysfs-devel 2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libsysfs-devel 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtabe 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtabe-devel 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtalloc 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtalloc-compat1 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtalloc-devel 1.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtalloc-devel 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtalloc-devel 2.0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Vendor	Description
libtalloc-devel 2.1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtar-devel 1.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtasn1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtasn1 3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtasn1 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtasn1 4.13	VMware	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtasn1 4.14	VMware	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtasn1-3 2.10	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtasn1-6 3.4	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtasn1-6 4.7	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtasn1-devel 4.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtasn1-tools 2.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtasn1-tools 4.10	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtdb 1	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtdb-devel 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtdb-devel 1.2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtdb-devel 1.3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libteam 1.1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtermcap 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtermcap 2	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtermcap-devel 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtermcap-devel 2	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtevent 0.9	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtevent-devel 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtext-wrapi18n-perl 0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libthai-data 0.1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libthai-devel 0.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtheora 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtheora 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtheora 1 Alpha	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtheora 1 Alpha	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtheora 1 alpha 5	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtheora0 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtheora-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtheora-devel 1 Alpha	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtheora-devel 1.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtheora-devel-docs	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtidy 0	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtidy 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtie-ixhash-perl 1.23	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtiff-devel 3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtiff-devel 3	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtiff-devel 3		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtiff-devel 4.0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtiff-devel 4.0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtiff-static 3.9	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtiff-static 4.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtiff-tools 4.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtimezonemap-devel 0.4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtinfo5 5.9	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtinfo5 6.0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtirpc-devel 0.2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtirpc-devel 0.2	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtnc 1.25	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtnc-devel	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtnc-devel 1.25	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtomcat9-java 9.0	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtool-libs 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtool-ltdl 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtool-ltdl 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtool-ltdl-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtool-ltdl-devel 1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtool-ltdl-devel 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtool-ltdl-devel 2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtopology 0.3	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtopology-devel 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtracker-common-0_16-	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtracker-common-1_0 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtracker-sparql-0_16-0 0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtracker-sparql-1_0-0 1.	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtranslit 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtranslit-devel	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtranslit-icu	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtranslit-m17n 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libts-1_0-0 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtsan 4.8	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libtsan 5.2	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

libvmtools0 11.0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvmtools0 11.1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvmtools0 11.2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvmtools0 11.3	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvmtools0 12	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvmtools0 9	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvncserver-devel 0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvoikko-devel	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvolume_id 095	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvolume_id 095		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvolume_id 103		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvolume_id 120		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvolume_id 124		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvolume_id-devel 095	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvorbis-devel 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvorbis-devel 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvorbis-devel-docs 1.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvorbisenc2 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvorbisfile3 1.3	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvpx-devel 1.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvpx-utils 1.3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvte2_90-9 0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvte-2_91-0 0.44	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvte-java 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libvte-java-devel 0	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libwacom 0.16	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libwacom 1.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libwacom-data 0.16	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Vendor	Description
libwacom-data 1.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libwavpack1 4		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libwayland-client0 1.4	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libwayland-cursor 1.14	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libwayland-cursor0 1.4	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libwbclient 4.10	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libwbclient-devel 4.10	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libwbclient-devel 4.6	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libwbclient-devel 4.9	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libwbxml2-0 0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libwebkit2gtk-4_0-37 2.11	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libwebkit2gtk-4_0-37 2.18	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libwebkit2gtk-4_0-37 2.2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

libXdmcp-devel 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL

Title	Vendor	Description
libXdmcp-devel 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXerces-c-devel 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXevie 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXevie 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXevie1 1.0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXevie-devel 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxfcegui4 4	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXfixes-devel 4	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXfont2-devel 2.0	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXfontcache 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXfontcache 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXfontcache-devel 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXfont-devel 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXiterm 0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXiterm-devel 0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxkbcommon-devel 0.7	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxkbcommon-x11 0.9	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxkbcommon-x11-devel	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxkbfile-devel 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxklavier 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxklavier 3		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxklavier 3	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxklavier 4	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxklavier 4.0	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxklavier-devel 1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxklavier-devel 3	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxklavier-devel 3	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxklavier-devel 5.4	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxml2-devel 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxml2-python 2		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxml2-tools 2	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXmu-devel 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXmuu1 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxmuu1 2:1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXp-devel 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXpm-devel 3		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXrender-debuginfo 0.9	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXrender-devel 0		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXres-devel 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXScrnSaver 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXScrnSaver-devel 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxslt1-dev 1.1	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxslt-devel 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxslt-python 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxslt-python 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXss1 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxtables10 1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxtables10 1.4	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libxtables11 1.6	Canonical	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXTrap 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXTrap 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXTrap-devel 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXtst-devel 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXvMC-devel 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXvnc1 1.6	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXvnc1 1.7	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXxf86dga-devel 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXxf86misc 1		This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libXxf86misc-devel 1	CentOS	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libyajl2 2.0	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libyami 1.2	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libyaml-devel 0.1	Red Hat	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libyaml-devel 0.1	Oracle	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libyaml-devel 0.1	Fedora Project	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
libyui6 3.1	Micro Focus	This Title is Deleted because it has been historically curated without adhering to consistent standards. Various drivers, updates, patches, fixes, and other artifacts have been added to the ARL
