

## List of New Applications Added in ARL #2489

| Application Name                              | Publisher                |
|-----------------------------------------------|--------------------------|
| Absolute Agent 7.3                            | Absolute Software        |
| Soulver 2.6                                   | Acqualia Software        |
| Premiere Elements 2020                        | Adobe                    |
| Document Transformation Server 2.1            | Alfresco Software        |
| Alfresco Content Services 5.2                 | Alfresco Software        |
| Enterprise Console 4.4                        | AppDynamics              |
| Wallpapers HD Lite 1.4                        | Apple                    |
| SnailSVN 1.8                                  | Apple                    |
| SnailSVN Lite 1.9                             | Apple                    |
| SnailSVN Lite 1.8                             | Apple                    |
| Enhanced Communication Server 7.7             | Avaya                    |
| DScribe 9.0                                   | Axiell Bibliotek         |
| Advanced BAT to EXE Converter 2.92            | BDargo Software          |
| World of Warcraft 8.0 Beta                    | Blizzard Entertainment   |
| firefox-locale 64.0                           | Canonical                |
| firefox-locale 67.0                           | Canonical                |
| Firefox 68.0                                  | Canonical                |
| firefox-locale 59.0                           | Canonical                |
| firefox-locale 62.0                           | Canonical                |
| firefox-esr 60.6                              | Canonical                |
| Firefox 66.0                                  | Canonical                |
| firefox-locale 68.0                           | Canonical                |
| Firefox 59.0                                  | Canonical                |
| chrome-gnome-shell 10.1                       | Canonical                |
| Firefox 67.0                                  | Canonical                |
| firefox-locale 61.0                           | Canonical                |
| firefox-locale 63.0                           | Canonical                |
| firefox-esr 60.8                              | Canonical                |
| Firefox 60.0                                  | Canonical                |
| Firefox 62.0                                  | Canonical                |
| firefox-locale 58.0                           | Canonical                |
| Firefox 61.0                                  | Canonical                |
| firefox-locale 57.0                           | Canonical                |
| firefox-locale 66.0                           | Canonical                |
| Firefox 57.0                                  | Canonical                |
| chrome-gnome-shell 16.04                      | Canonical                |
| chrome-gnome-shell                            | Canonical                |
| xserver-xorg-video-openchrome-lts-vivid 1:0.3 | Canonical                |
| xserver-xorg-video-openchrome 1:0.3           | Canonical                |
| firefox 60.7                                  | CentOS                   |
| Tidal Enterprise Scheduler 5.3                | Cisco Systems            |
| Nexus Chameleon 13.3                          | Coffing Data Warehousing |
| Nexus Query Chameleon 12.1                    | Coffing Data Warehousing |
| Nexus Query Chameleon 9.6                     | Coffing Data Warehousing |
| Nexus Query Chameleon 13.0                    | Coffing Data Warehousing |
| Nexus Chameleon 13.2                          | Coffing Data Warehousing |
| Nexus Chameleon 13.0                          | Coffing Data Warehousing |
| Nexus Chameleon 13.1                          | Coffing Data Warehousing |
| Nexus Query Chameleon 9.7                     | Coffing Data Warehousing |
| NexusCore Server 1.6                          | Coffing Data Warehousing |
| Nexus Query Chameleon 11.0                    | Coffing Data Warehousing |

|                                                                            |                        |
|----------------------------------------------------------------------------|------------------------|
| VideoStudio 2019 Pro                                                       | Corel                  |
| Monarch 15.4                                                               | Datawatch              |
