

### List of Application added in ARL #2782

| Application Name                                             | Publisher               |
|--------------------------------------------------------------|-------------------------|
| 12d Synergy Client                                           | 12d Solutions           |
| Platform                                                     | ActiveState             |
| Captivate Assets 2019                                        | Adobe                   |
| ColdFusion 2023                                              | Adobe                   |
| Substance 3D Designer 13.1                                   | Adobe                   |
| Stock Credit Pack for Enterprise                             | Adobe                   |
| Ag-Grid Multiple Developer                                   | ag-Grid                 |
| Aha! Roadmaps Enterprise+                                    | Aha! Labs               |
| Aha! Ideas Advanced                                          | Aha! Labs               |
| SpaceClaim 2023                                              | ANSYS                   |
| AQWA 2023                                                    | ANSYS                   |
| AQWA 2019                                                    | ANSYS                   |
| AQWA 2020                                                    | ANSYS                   |
| Structural Toolkit 5.6                                       | Anthony Furr Software   |
| Aspen HYSYS 14.0                                             | AspenTech               |
| Aspen Properties 14.0                                        | AspenTech               |
| Version Comparison Assistant 14                              | AspenTech               |
| Simulation CFD Viewer 2024                                   | Autodesk                |
| CFD 2024                                                     | Autodesk                |
| Arnold for 3ds Max 5.6                                       | Autodesk                |
| Autodesk Coordinates Transformation 2024                     | Autodesk                |
| vReports 1.0                                                 | Bitcodesoft             |
| Blender 4                                                    | Blender Foundation      |
| Box 2.36                                                     | Box                     |
| CADS RC 2023                                                 | CADS                    |
| USIM PAC                                                     | CASPEO                  |
| DriveLock Agent 2023                                         | CenterTools Software    |
| WebEx Recorder 41                                            | Cisco                   |
| Profile management 2305                                      | Citrix                  |
| Content collaboration                                        | Citrix                  |
| Migrate 3                                                    | CloudM                  |
| IntelliSnap 11.32                                            | CommVault               |
| SQL Server iDataAgent 11.32                                  | CommVault               |
| CorelDRAW Essentials 2020                                    | Corel                   |
| Docker Desktop 4.26                                          | Docker                  |
| PitStop Workgroup Manager                                    | Enfocus                 |
| EDB Postgres Advanced Server 15.5                            | EnterpriseDB            |
| ArcGIS Data Interoperability for Desktop 3.2 Pro             | ESRI                    |
| ArcGIS Online 2023                                           | ESRI                    |
| LUSAS 19.1                                                   | Finite Element Analysis |
| AdminStudio 2023 R2                                          | Flexera                 |
| Runner 16.7                                                  | GitLab                  |
| Drive Mobile                                                 | Google                  |
| SMI-S Tape Provider 2.8                                      | HP                      |
| System Software Manager                                      | HP                      |
| Information Management System (IMS) Transaction Manager (TM) | IBM                     |
| z/OS Management Facility 1.12                                | IBM                     |
| z/OS Management Facility                                     | IBM                     |
| DB2 Change Management Solution Pack for z/OS 1.2             | IBM                     |
| Dependency Based Build 2.0                                   | IBM                     |
| Open Enterprise SDK for Python                               | IBM                     |
| Z Monitoring Suite 1.4                                       | IBM                     |
| Z Service Automation Suite 1.4                               | IBM                     |
| Z Service Management Suite 2.4                               | IBM                     |
| z/OS Advanced Data Gatherer                                  | IBM                     |
| z/OS Communications Server 1.5                               | IBM                     |
| z/OS Communications Server                                   | IBM                     |
| z/OS Communications Server 1.10                              | IBM                     |
| z/OS Time Sharing Option/Extensions                          | IBM                     |
| Application Delivery Foundation for z/OS                     | IBM                     |
| Application Delivery Foundation for z/OS 1.9                 | IBM                     |

|                                                             |                |
|-------------------------------------------------------------|----------------|
| Application Delivery Foundation for z/OS 3.3                | IBM            |
| BookManager READ for MVS                                    | IBM            |
| Open Liberty Tools                                          | IBM            |
| Security Identity Manager RACF Adapter                      | IBM            |
| DCE Base Services                                           | IBM            |
| Advanced Crypto Service Provider Client                     | IBM            |
| Db2 Change Accumulation Tool for z/OS 3.1                   | IBM            |
| Decision Tablp Translator                                   | IBM            |
| Developer for z/OS 16.0                                     | IBM            |
| IMS Tools Online System Interface 1.1                       | IBM            |
| Tivoli System Automation for Multiplatform                  | IBM            |
| Z OMEGAMON Monitor for z/OS                                 | IBM            |
| Safer Payments 6.5                                          | IBM            |
| WebSphere Event Broker                                      | IBM            |
| Db2 Table Editor 4.5                                        | IBM            |
| Security Directory Server 3.1                               | IBM            |
| Tivoli OMEGAMON XE for IMS 5.3                              | IBM            |
| Decision Server 8.12 Rules                                  | IBM            |
| Cognos Business Intelligence Application Services 12        | IBM            |
| Cognos Content Manager 12                                   | IBM            |
| Financial Transaction Manager 3.1                           | IBM            |
| Optim Performance Manager Extended Insight                  | IBM            |
| Optim Performance Manager Extended Insight 5.1              | IBM            |
| DB2 Automation Tool for z/OS 2.2                            | IBM            |
| Enterprise COBOL for z/OS 6.4                               | IBM            |
| Enterprise PL/I for z/OS 6.1                                | IBM            |
| Fault Analyzer for z/OS                                     | IBM            |
| XML Toolkit for z/OS 1.5                                    | IBM            |
| z/OS Resource Measurement Facility                          | IBM            |
| IMS Transaction Manager Resource Adapter 14.1               | IBM            |
| Sterling Transformation Extender for Red Hat OpenShift 10.1 | IBM            |
| Aspera HTTP Gateway 2.2                                     | IBM            |
| InfoWorks ICM (Integrated Catchment Modeling)               | Innovyze       |
| RailClone 6.1 Pro                                           | iToo Software  |
| Netprobe 6.5                                                | ITRS Group     |
| Client Proxy 1                                              | McAfee         |
| Personal Firewall Plus 17.1                                 | McAfee         |
| Endpoint Product Removal 22                                 | McAfee         |
| Power BI Report Builder                                     | Microsoft      |
| Office Excel Premium                                        | Microsoft      |
| ASP.NET Core 7 Preview                                      | Microsoft      |
| Network Policy Server                                       | Microsoft      |
| Azure Purview                                               | Microsoft      |
| Copilot                                                     | Microsoft      |
| Customer Lockbox                                            | Microsoft      |
| Dataverse                                                   | Microsoft      |
