

### List of Versions added in ARL #2688

| Publisher            | Product                                                | Version     |
|----------------------|--------------------------------------------------------|-------------|
| /n software          | IP*Works!                                              | Unspecified |
| Adobe                | Fresco                                                 | 3.5         |
| Allround Automations | PL/SQL Developer                                       | 15          |
| AML Software         | DC Console                                             | 3.10        |
| Ansys                | SCADE                                                  | 2020 R1     |
| Apple                | Player                                                 | 7.6         |
| Applian Technologies | Replay Url Finder                                      | Unspecified |
| Applied DEM          | Bulk Flow Analyst                                      | 20.1        |
| ARCserve             | ARCserve Backup Agent for Lotus Domino                 | Unspecified |
| ArrayFire            | ArrayFire                                              | 3           |
| Aryson Technologies  | OST Recovery                                           | 17.0        |
| ASYS                 | Chronos                                                | Unspecified |
| Autodesk             | Desktop Connector                                      | 15.3        |
| Autodesk             | Desktop Apps                                           | 8.3         |
| Avishtech            | Gauss 2D                                               | 2.41        |
| Avotus               | Intelligent Communications Management                  | Unspecified |
| Axiom                | Office Importer for Revit                              | Unspecified |
| Azul Systems         | Zulu Java Development Kit                              | 18          |
| Bentley Systems      | LARS Bridge                                            | Unspecified |
| Bentley Systems      | I/RAS B                                                | 8.5         |
| Bentley Systems      | Orbit 3DM Feature Extraction                           | Unspecified |
| Bentley Systems      | AutoPIPE Vessel                                        | 41.5        |
| Bentley Systems      | Substation                                             | 10.11       |
| Bentley Systems      | Substation                                             | 10.12       |
| Bentley Systems      | ContextCapture Viewer                                  | Unspecified |
| Bentley Systems      | AutoPIPE Vessel                                        | 42.2        |
| Bentley Systems      | LEAP Bridge Steel                                      | 18.2        |
| Bentley Systems      | Navigator Mobile Publisher                             | 6           |
| Bentley Systems      | Raceway and Cable Management                           | 10.04       |
| Bentley Systems      | Maxsurf                                                | 23.1        |
| Bentley Systems      | LumenRT                                                | 16.05       |
| Bentley Systems      | LumenRT                                                | 16.16       |
| Bentley Systems      | SOILVISION                                             | 10.2        |
| Bentley Systems      | SOILVISION                                             | 10.4        |
| Bentley Systems      | OpenUtilities Map                                      | Unspecified |
| Bentley Systems      | LumenRT                                                | Unspecified |
| Bentley Systems      | PlantWise                                              | Unspecified |
| Bentley Systems      | Pointools                                              | Unspecified |
| Bentley Systems      | OpenCities Map PowerView                               | 10.16       |
| Bentley Systems      | Orbit 3DM Content Manager                              | 21          |
| Bentley Systems      | SignCAD                                                | Unspecified |
| Bentley Systems      | ProjectWise Integration Module for Autodesk Revit 2022 | 10          |
| Bentley Systems      | OpenUtilities Analysis                                 | Unspecified |
| Bentley Systems      | Orbit 3DM Content Manager                              | 21.4        |
| BHOK IT Consulting   | StudioTax                                              | 2021        |
| BigLever Software    | Gears                                                  | 8.5         |
| BigLever Software    | Gears                                                  | Unspecified |
| Bloomberg BNA        | Corporate Tax Analyzer                                 | 2020.1      |
| BlueZ Project        | bluez                                                  | 5           |
